

URIMAT®

Swiss quality – since 1998.

HAND DRYER

Quiet, fast and
environmentally friendly

Welcome to URIMAT

URIMAT is a leading manufacturer of environmentally friendly products in the sanitary ware industry.

In a place where others are passive, URIMAT is actively setting new trends and standards on a daily basis. The environmentally friendly products offered by the Swiss manufacturer URIMAT are enjoying worldwide acceptance and simultaneously bringing hygiene and ecological protection to thousands of washrooms around the globe. As they discover the innovative technology and the high value retention of our products, new customers are placing their confidence in our solution every day, thereby actively helping to save millions of litres of clean drinking water and energy. In regions where these valuable resources are in short supply, such arguments are becoming ever more crucial in an era of climate change.

As a market leader, URIMAT is fully committed to ecological sustainability. Our products are manufactured using eco-friendly materials and production processes. When choosing our partners we emphasise carbon-neutral production and high ethical standards.

Our uncompromising quality control and leading technology guarantee durable products with odourless, hygienic and ecological operation.

Make a statement today.
Choose URIMAT.

Thank you very much! The URIMAT Team.

Used worldwide

You're in good company
with URIMAT

When you choose to rely on the technology of the market leader you are in excellent company.

Take McDonald's, for example – A global corporation that subscribes to high ecological principles and is committed to sustainability. By installing URIMAT products in their premises, McDonald's is sending a clear ecological message.

In virtually every industry, we can name prestigious references that place their confidence in us every day. Make a statement now! Choose URIMAT!

You save
money...
...and the
environment
will thank you.

Uses up to one hundred
times less energy
than paper and cloth
dispensers. Play an active
role in protecting the
environment with URIMAT
Hand Dryers.

=

Paper Hand Towels

AUD \$3600

Usage cost
per year

URIMAT Hand Dryer

AUD \$40

Usage cost
per year

Cost – difference

AUD \$3560

The annual
saving

The calculation is based on 100 uses per day, 360 days a year, paper costs of \$0.025 per sheet, 4 sheets per drying activity and electricity costs of \$0.24 per kW/h.

URIMAT sets standards

As a leading company for waterless sanitary technology, URIMAT is continually redefining the quality standard. Our constant striving for new solutions to protect that precious resource, water, have been endorsed over recent years by numerous renowned international environmental awards and certifications.

The most efficient hand dryer worldwide

URIMAT is a leading producer of environmentally friendly products in the sanitary ware industry.

FAVORIT

Fast, efficient, useful

High speed drying of hands in 9 – 11 sec.

2 User-friendly setting

Performance can be set to 2 different air speed levels, warm or cold air can be selected by turning the heater on or off.

3 3 blue LED lighting with a timer function

Drying time display

4 Performance

1650 W

5 Noise level

Comfortable 68 dB

6 Protection class

IPx4

7 Contact free use

Absolutely hygienic through a sensor controlled start-up

8 Motor

Brushless DC motor
(220 V – 240 V)

9 Easy installation

Installation in less than 15 min

10 Cost-saving

No storing, no filling and disposal of paper and cotton towels

11 Environmentally friendly and ecological

With integrated water tank and HEPA filter

LED lighting &
timer function

Dry in 9 – 11
seconds

Also available in silver

Dimension:

width: 330mm height: 685mm depth: 220mm

Weight:

11 Kg

Material:

ABS

Article number:

37.520

Colour:

white + silver (on request)

K1

Shapely, brushless, contact free

1 Resistance

The housing is manufactured from high-quality stainless steel (AISI 304)

High speed hand drying of hands in just 10 seconds

3 Contact free use

Absolutely hygienic through a sensor controlled start-up

4 Noise level

Air flow approx. 350 km/h = 68 bis 70 dB

5 Integrated thermometer

The heating switches off automatically once a room temperature of 23°Celsius has been reached

6 Performance

1650 W

7 Motor

Brushless DC motor (220 V – 240 V)

8 Sustainability

Approx. 25 x less CO₂ emissions than paper towels

9 Clean surroundings

No paper towels on the floor, no filling or disposal of paper or cotton towels, no storage

10 Hygiene

With integrated water tank and HEPA filter

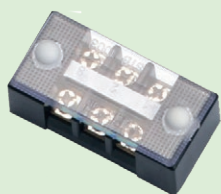

The brushless
DC-Motor reaches
more than 20,000
rpm in 1.2 sec.

All wires used
are checked
according to UL
(Underwriters
Laboratories).

The terminals used
offer the necessary
safety.

URIMAT K1

colours on request

Dimension:

width: 300mm height: 720mm depth: 222mm

Weight:

13 Kg

Material:

Stainless steel / ABS Polycarbonat

Article number:

37.530

Colour:

Available from stock Stainless steel brushed finish.
Other colours available upon request

CHAMPION-PRO

Space-saving, clean, resistant

1

Resistance

The housing is made of high quality stainless steel (AISI 304)
